

# MAQS' COOPERATION WITH SVIF

**MAQS is one of Sweden's leading law firms and offers advice within all areas of commercial law (so-called full service). MAQS has offices in Stockholm, Göteborg, Malmö and Sundsvall.**

MAQS' Renewable practice group consists of experienced lawyers who work dedicated to the various players in the wind power industry. The practice group's competence covers all areas that are relevant in order to create support, reassurance and legal guidance in relation to the requirements and changes demanded by the market. Our clients include developers (e.g. Rabbalshede Kraft), operators and investors/purchasers.

MAQS has assisted dozens of various members with legal matters in the wind power industry since the start of its collaboration with SVIF in 2015. MAQS participates in SVIF's various member meetings and contributes articles to SVIF's magazine. Each issue of the magazine contains a practice column on current court decisions within the wind power industry.

MAQS' contact persons in relation to SVIF's members are Mikael Kowal and Christina Rydell Ahlström. You can find their contact information at [maqs.com](http://maqs.com).

## EXAMPLES OF CASES WE HANDLE FOR MEMBERS

- Review and negotiation of service agreements
- Discussions/disputes with insurance companies
- Selling of wind power projects and turbines in operation
- Permit issues (applications, appeals, compliance of permit provisions and cooperation agreements between wind turbine owners in a wind farm )
- Land agreements (leasehold agreements, right of use agreements and interpretations of compensation clauses)
- Discussions/disputes with suppliers of wind turbines and service & maintenance
- Power purchase agreement (PPA)

## MAQS' OFFER

- One hour free consultation to assess the case
- 10 % discount on MAQS' hourly fees
- If there is a dispute, the member's insurance can cover a major portion of the attorney fees
- Our advice before signing an agreement can be a valuable insurance
- You can always request that we provide a cost estimate and in certain cases we work with fixed fees
